FCC NTX Update - NTX online system for competition management (IMPORTANT INFO)

All:

As mentioned in previous emails, in the NTX region we will be using a different online competition management system for this year's program.

EDUCATOR DASHBOARD – FOR RESOURCES ONLY

All of you registered at <http://futurecity.org> and have an account on the Educator Dashboard. We will be using this site for resources only: background information, handbook download, student activities and forms. You do not need to create teams and you should not be uploading files to this system.

NTX TEAM CENTER AND CMS

We have re-installed the CMS from previous years. From this point forward, you will be using this site for creating and managing teams, uploading files and obtaining scores (after the competition). This is the system the judges will be using to score your submissions.

URL for CMS: <https://secure.dfwfuturecity.org/NorthTX/Teacher>.

You can also access this page from the NTX Team Center:

www.dfwfuturecity.org/teamcenter.html.

YOU WILL NOT BE ABLE TO REACH THIS PAGE from the Educator Dashboard or the national (futurecity.org) site.

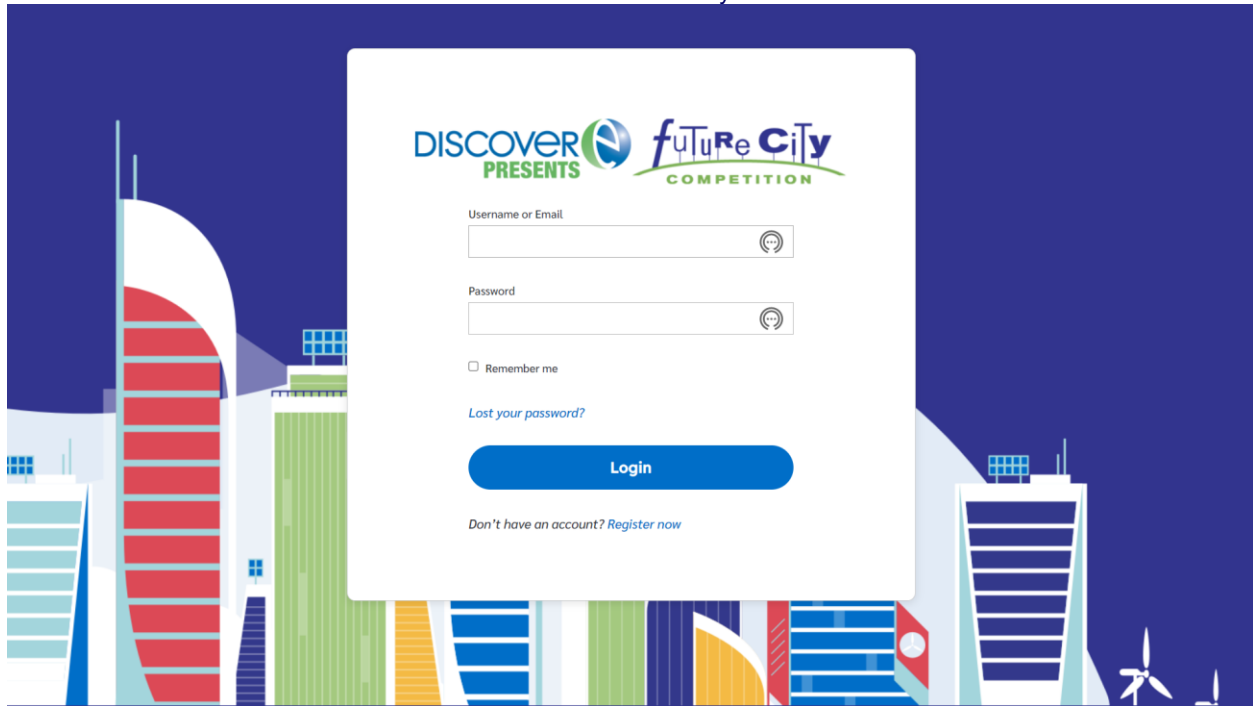

If this is your first time logging in – use the Educator Pages menu in the upper left to “Enroll.” Once enrolled, you can create and manage teams and upload files. I’m sorry if you have already entered team information into the Educator Dashboard site – you will need to re-enter it here (NTX CMS).

ATTACHED is a brief overview of the CMS that might help in answering questions, however, do not hesitate to contact me if you have any problems.

Thanks for your patience and understanding as we manage this year's program.

Updates

Important Schedule Information for 2021-22

[Oct-21] See [NTX schedule](#) for detailed schedule information for the North Texas Regional Future City Competition and acceptable dates for all the required deliverables. **NOTE:** the due dates on the [Educator Dashboard](#) list the **last acceptable date** for the deliverables. Entries submitted at that time will receive a late penalty. After that date, no entries will be allowed.

Email updates for NTX Future City participants give you the latest information about the NTX program, including schedule, rules, deliverables, resources, and other need-to-know items. They are issued as necessary (about every 10 days) and are open to anyone involved (teachers, volunteers, parents, students).

TEAM CENTER (www.dfwfuturecity.org/teamcenter) also has link to online Competition Management System for NTX 2022.

COMPETITION MANAGEMENT SYSTEM

This is where you will be creating/managing teams and uploading files.

Log in page- <https://secure.dfwfuturecity.org/NorthTX/Teachers> enroll first time use link in 19 X i Pages menu in upper left.

YOU WILL NOT BE ABLE TO ACCESS THIS PAGE FROM THE EDUCATOR DASHBOARD (So, don't log in at <http://futurecity.org> to get to this system)

Once you are logged in, start by creating a team (or teams).

Here is the information as it is currently for the this team. Edit the fields as needed to update the team, and use the update button to save the changes. Use the delete button to discard this team. As before, use the "Add A Student" button to extend the form as needed for additional students.

NOTE: If any files have been submitted against this team and you delete the team, the files will be deleted as well.
