FCC Junior Update - NTX online system for competition management (IMPORTANT INFO)

All:

As mentioned in previous emails, in the NTX region we will be using the online competition management system that we have used in the past for this year's 2021-22 competition.

## **EDUCATOR DASHBOARD – FOR RESOURCES ONLY**

Some of you registered at <u>http://futurecity.org</u> and have an account on the Educator Dashboard. We will be using this site for resources only: background information, handbook download, student activities and forms. You do not need to create teams and you should not be uploading files to this system – it will not accommodate the junior competition judging this year.

For those of you who registered by email to me, you can find most of the resources at: <u>http://futurecity.org/resources</u>.

## NTX TEAM CENTER AND CMS

We have re-installed the CMS from previous years. From this point forward, you will be using this site for creating and managing teams, uploading files and obtaining scores (after the competition). This is the system the judges will be using to score your submissions.

URL: <u>https://secure.dfwfuturecity.org/NorthTXJunior/Teacher</u>. You can also access this page from the NTX Junior Team Center: <u>www.dfwfuturecity.org/team\_junior.html</u>.

YOU WILL NOT BE ABLE TO REACH THIS PAGE from the Educator Dashboard or the national (futurecity.org) site.

If this is your first time logging in (if you didn't have an account last year) – use the Educator Pages menu in the upper left to "Enroll."

Once enrolled, you can create and manage teams and upload files. I'm sorry if you have already entered team information into the Educator Dashboard site – you will need to re-enter it here (NTX CMS).

ATTACHED is a brief overview of the CMS that might help in answering questions, however, do not hesitate to contact me if you have any problems.

Thanks for your patience and understanding as we manage this year's program.

**Educator Dashboard** – Teacher registration. We will be using this only for FC resources: Essay reference list info, Handbook (download), Activities and background info. We will NOT be using this for Teams, File Uploads or Judging.
